Play-Cricket Scorer

d and Wales Cricket B

You can either;

- Download the game to score offline (this will then appear in the middle column and can be scored at a later time)
- 2. If you are 'live' scoring (only one person per match needs to do this usually the home scorer) click the match you are wanting to score. **internet access needed throughout the match**

To start the match, select on the match you wish to score and click 'Start Match'

#### Match Setup

1. Select the 11 players for the Home Team – you may need to click 'EDIT TEAM' first

If you select the wrong player, click 'EDIT TEAM' and press the '3 dots'.

You will see this menu, click 'remove player'. (see image below)

- 2. Select the wicket keeper and captain;
  - a. Click 'EDIT TEAM'
  - b. Click on the '3 dots' on the player you wish to identify
  - c. Click on captain/wicket keeper

**<u>NB</u>**: If you are playing a different rule in the game, this is where you can edit the main settings. You can access this page at any time during the match.

- 6. Click Match Setup in the top right corner once complete.
- 7. Select who won the toss and whether they are to bat or bowl.
- 8. Click 'DONE'
- You should receive this pop up click 'ball-by-ball'. NB: The score manually option is for if you are inputting the data AFTER a game has completed.

- 4. The highlighted names on the app are the players directly involved in the coming ball ie, batsmen facing and current bowler.
- Use the buttons on the bottom of the screen to input the detail of each ball. You need to click the 'tick' after each ball unless you edit this in the settings.
- 6. The app will prompt for the end of the over, click accordingly.
- 7. Once the over has been ended, the app will prompt for the next bowler.
- 8. Continue in this way throughout the game.

To add breaks click 'MATCH ACTIONS' – drinks etc. To resume play, select the detail for the next ball.

To force end of over click 'END OVER' - 5 ball overs etc

To indicate a wicket click 'WICKET'. The app will prompt some drop down menus to select how the batter was out etc.

### To score during the match

- 1. Click 'ball-by-ball' on the screen pop up above.
- 2. The app will prompt for the first batsmen, the second batsmen and the opening bowler.
- 3. The screen will look as below. This is the standard scoring screen

### Using Duckworth Lewis Stern

- At the pre-match meeting ask the umpires and captains: -
  - Whether or not DLS needs to be displayed regardless of the weather.
  - From which over during the 2nd innings they would like DLS to be displayed.
  - How many copies of the Par Score Table they would like printed/emailed.
  - Advise umpires and captains where on the scoreboard DLS will be displayed.

Whenever a game is interrupted you need to make sure following the following steps. 1. Match Actions  $\rightarrow$  Break  $\rightarrow$  select the type of delay  $\rightarrow$  Done  $\rightarrow$  Done.

When play is ready to resume, ask the umpires to confirm how many overs will be remaining in this innings.

2. click 'Resume'.

7. Continue to score as normal.

Each time there is an interruption, the above steps need to be followed for the new DLS target to be calculated correctly.

**Note** that the number of overs permitted for team 2 will automatically adjust to the same as team 1.
