

Appendix A for Y&D SCL Divisions Playing Condition 6.3.2

(Updated March 2020)

If, following an interruption and reduction in the total number of overs in a match, the side batting first has already exceeded 55% of the total match overs, then the number of overs lost will be reduced so that the number of overs already batted is no more than 55% of the match and the side batting second has a maximum of at least 45% of the total match overs, as per the table below. The match should continue as long as conditions permit.
